

Student Tribe HANDBOOK

Structure. Purpose. Teamwork.

This handbook explains how our Tribe is organized, what each division does, and how we work together to achieve our goals. Each division has a clear role, and together we support students, build connections, and grow as a team.

Mission

To build a powerful student ecosystem that supports learning, growth, and self-expression.

Our mission is to support every student in exploring real opportunities beyond academics, whether through career guidance, creative expression, mental well-being, or building meaningful connections. We aim to bridge the gap between students and the real world by giving them the tools, support, and community they need to thrive and lead with confidence.

Vision

To become India's largest student-led movement that shapes confident, skilled, and socially aware young leaders. A space where every student finds purpose, support, and a sense of belonging.

By shaping a culture of learning, collaboration, and well-being, we aim to change how students experience education and life, making sure their voices are heard and their talents celebrated.

We also host **Tribe Meet** events, where we connect, unwind, and sometimes even vibe with industry experts that actually inspire

Team dinners? Always a yes. Because bonding over food hits different

HONEST. TOWNHALL

The idea of Honest Townhall was simple: not just to let students meet their role models, but to create a student-led conversation format that feels real, emotional, and relatable.

Honest Townhall is our way of turning access into stories and conversations into community.

TRIBE MEETS
